

Creating Local Arts Together is a manual designed to guide an individual or group into a local community's efforts at integrating its arts with the values and purposes of God's kingdom. The practical, playful text reduces experience-based scholarly insights gained from multiple decades of incarnational ministry around the world into a flexible seven-step process. This manual is the second book in a two-volume set on the principles and practices of ethnodoxology. The first volume, entitled *Worship and Mission for the Global Church: An Ethnodoxology Handbook*, presents in textbook format the central Foundations, Stories, and Tools designed to equip readers in exploring more fully this important new field of research and ministry.
