

Cristianos o no, millones de personas en el mundo, tienen presente de manera consciente o inconsciente la figura de Jesus de Nazaret. Durante mas de dos mil anos se ha venerado su divinidad por la Iglesia y se ha admirado su etica incluso por los filosofos ateos mas recalcitrantes. Su nombre ha sido invocado y utilizado como justificacion para actos destructivos y sangrientos pero tambien para expandir la solidaridad y el amor sobre la faz de la Tierra. Simple hombre de carne y hueso para unos, hijo de Dios para otros, profeta judio apocaliptico, maestro de sabiduria, filosofo cinico itinerante, revolucionario nacionalista galileo... Cada individuo e investigador tiene su propia vision sobre alguien que es reconocido unanimente como un ser humano grande. Pero, ¿quien fue y quien es Jesus? ¿Que fuentes nos informan sobre su vida? ¿Cuando nacio? ¿Que predico? ¿Por que fue ejecutado? ¿Quedan aun por desvelar ensenanzas suyas enterradas bajo los evangelios? ¿Que une a Jesus con Lao-Tse, Buda y el hinduismo? ¿Tienen estas preguntas una respuesta cientifica? En este estudio se aborda de manera rigurosa la figura historica de Jesus, revisando sus datos biograficos, y se analizan dos fuentes evangelicas, el material especial de Mateo y Lucas, relacionadas con el Evangelio de Tomas y que arrojan luz sobre el caracter de la predicacion del Nazareno. El examen de los datos disponibles pone de manifiesto la conexion de la ensenanza de Jesus con la sabiduria oriental milenaria sin despojarle de su genuina judeidad.
