

Celebrating its 25th Anniversary, Elite Deviance is the only text in this area that takes a holistic view as it traces the causes of elite deviance to the structure of power and wealth in the United States. Elite Deviance includes both criminal and non-criminal elite acts that cause great harm. Unique in its scope, Elite Deviance covers not only corporate crime and political corruption in historical and contemporary contexts, but also the relationship between the two. Numerous current examples and case studies grab students'™ interest and reinforce all major theoretical points in the book.
