

The latest volume in this series revisits topics particularly pertinent to the postnatal period. It makes a timely contribution to the literature in the context of recent developments in the organisation of midwifery care, the emphasis on woman-centred care and empowerment, and the reclaiming by midwives of the normal birth and puerperium.

The One and the Many: English-Canadian Short Story Cycles, The Great Adventure Journal, UML for the IT Business Analyst: A Practical Guide to Object-Oriented Requirements Gathering [Paperback] [2005] (Author) Howard Podeswa, French Year 1 Ultimate Course with Book(s) (French Edition), The Orion Mystery,

3. Postnatal care planning. The message we are getting from our members is clear. We must do unacceptable that there are not enough midwives to.
