

On the day David Turner is supposed to emigrate to New Zealand, he witnesses a savage murder and becomes caught in a ruthless global conspiracy. A thirty year-old technological discovery threatens his own future and jeopardises the lives of millions of others as David discovers that starting a new life is about to become a deadly game of cat and mouse... and cows. Modifying milk so ethanol can be processed from it could be the solution to the impending global oil crisis, but drinking it will kill you. Can the truth be uncovered before an entire country is sacrificed to satisfy the worlds demand for bio-fuel?
