

How often do you battle the desires of what you want your spouse to do and what actually happens? Each year couples begin the disastrous journey of divorce that might have been averted by better communication over the little stuff. Learning how to communicate with your spouse in the way that gets them to want to see your perspective is key to a successful connection. In his book *The Connection Principle: 3 Essential Communication Tools for Getting What you Want from Your Spouse*, Chuck Taylor combines engaging story telling with practical steps to help you move your spouse from working against you to working with you. This book will teach you to help your spouse to engage in conversations, to desire to hear what you are saying, and to create a meaningful environment for communication.
