

A fully updated insiders account of the royal romance from trusted journalist Robert Jobson, NBC's royal correspondent. It is the love story which captivated the world and, after 8 years together, William and Kate married in spectacular style at Westminster Abbey on April 29th, 2011. This is a true insider account of Prince William's amazing love affair with Kate Middleton; from their initial meeting at university in Scotland to married life in North Wales while William pursues his RAF career. He is the confident young Prince who is the future of the Royal family. She is the royal bride and future Queen Consort who is thoroughly modern and confounds all the stereotypes of how a royal partner should be. Since the Palace announced the Duchess's much-anticipated pregnancy in 2012, speculation has gone into overdrive about the pitter-patter of tiny feet. This in-depth book chronicles the next chapter in this modern-day fairy tale and is packed with beautiful photographs, fascinating facts, and expert analysis into the most pivotal royal romance of our time. An intriguing insight and unrivaled souvenir, this is an essential read for royalists and romantics alike.
