

The Road to Freedom by Hiep Vo is a true story. The author delved deeply into details of the complex-dangerous situation during his preparation for the out-going for the freedom. The story is very strange to everybody, especially to the ones who have not lost the freedom. The readers would ask themselves, 'Is it the real life story?' The Road to Freedom is too hard and risky. The dear price to pay for freedom is the life of the author and all the people who want to get there. The story is very attractive and amazes the reader from beginning to end.
